30 Seconds (or less!) Sales Statement:

Sawyer's Hydraulic Cage Clamp provides effortless pipe alignment for those jobs where a bit of extra power is required. Available for 16" to 60" pipe and able to meet a wide variety of pipe-to-pipe fit up requirements but especially useful when aligning large pipe, this might just be the last pipeline welding clamp you will ever need. Simple, quick and easy to use. That's the Sawyer advantage.
