

Hi-Lo Gauge

Model 430

OVERVIEW

The Hi-Lo Gauge is available in two sizes; imperial and metric. The Hi-Lo Gauge will measure the inside hi-lo, and can be left in place while the welder makes any necessary adjustments or reforms the pipe using a Sawyer external clamp. The gauge can also be used to measure the weld gap, to minimize weld rejections.

FEATURES AND BENEFITS

- Available in imperial or metric
- Measure inside pipe hi-lo and the weld gap
- Gauge can be left in place while making adjustments
- Range of primary colors and company name engraving available for minimum order of 500 gauges
