

Precision Pipe Alignment Clamp

Model 265

OVERVIEW

The PPA clamp is perfect for alignment of small diameter thin wall pipes and offers incredible accuracy on pipes up to Schedule 20, enabling the welder to achieve perfect welds. The clamp jaws work independently to enable pipes to be concentrically aligned regardless of their diameters. These clamps are designed to provide adequate clearance for Orbital Welding Heads.

FEATURES AND BENEFITS

- Available in 2 sizes: 3/8"–2 3/4" and 2"–4 1/2"
- Aligns small diameter thin wall pipe
- Incredible accuracy on pipes up to Schedule 20
- Clamp jaws work independently to enable pipes to be concentrically aligned regardless of their diameters
- Designed to be compatible with all leading Orbital Welding Heads
- High purity stainless steel, will not contaminate SS pipes
- 1 year warranty

ESTIMATED SHIPPING WEIGHT
