

# Bull Roll Pipe Stand

Model 442

The Bull Roll Pipe Stand is the ultimate tool for fabricators who require a simple, safe, and affordable way to manoeuvre pipe. Optional modular heads create a versatile range of operations. All stands are supplied with a unique bearing system, which allows the stands to be raised or lowered even when the stands are fully loaded. Three fixed and two adjustable castors allow for the stands to be used on uneven surfaces.

## FEATURES AND BENEFITS

- 12" V Head, heavy duty polyurethane castors, quick action brakes and a Hold Down device come standard
- Optional modular heads to create a versatile range of operations
- All four heads in contact with the pipe at all times
- Unique bearing system allows stands to be raised or lowered, even when fully loaded
- Castor system allows the stand to be used on uneven surfaces
