

# Large Manual Clamp

Model 241

## OVERVIEW

Sawyer Mfg's Large Manual Clamp is custom built for accurate internal alignment. Built tough to withstand the harshest conditions. This clamp comes standard with a 49' reach rod, hook and handle, so it's instantly ready to use. The toggle action and heavy duty jack box of this internal pipe clamp put maximum power on the pipe with less operator effort.

## FEATURES AND BENEFITS

- For pipe sizes 10"– 64"
- Toggle action delivers maximum power to the pipe
- Heavy duty jack box puts exerts more force on the pipe with less operator effort
- Heavy duty all steel construction
- Optional copper backup ring
- Each clamp is machined for a specific wall thickness
- Comes standard with 49' reach rod, hook, and handle
- Gap is unobstructed for full stringer bead
